**SECOND ORDER REGARDING EMINENT DOMAIN NOTICE**

(Issued June 18, 2002)

On May 29, 2002, MidAmerican Energy Company (MidAmerican) filed a proposed eminent domain notice for approval pursuant to the procedural order issued May 22, 2002 and Iowa Code § 479.7 (2001). Attachment A, a description of the route MidAmerican has proposed for the pipeline, was attached to the notice.

On June 5, 2002, the undersigned issued an order requiring modification of the eminent domain notice, and approving it once it was modified. The order did not require MidAmerican to modify Attachment A, and therefore, Attachment A was approved as filed on May 29, 2002.

On June 12, 2002, MidAmerican filed a revised petition, including a revised Exhibit A. Exhibit A is the proposed route description.

**IT IS THEREFORE ORDERED:**

1. The June 5, 2002, order is hereby modified so that the route description that must accompany the eminent domain notice as Attachment A is the revised route description filed by MidAmerican on June 12, 2002.
